

## HELLO FRIENDS

As the country renews its fight against Covid-19, it is time for us to begin a **new year at school**. Amidst all the challenges we face as individuals, families, societies and a nation; we cannot let our focus waver, and must endeavour to **make our minds sharper!**

**Team Mind Wars** has been as usual a hive of activity this month, and **more and more schools have joined the Mind Wars family**. Our registrations continue to see an uptick, and we now have students from **over 15,000 schools** onboard, from every state and union territory.

As we roll into **May**, summer is upon us, and since outings and travels and holidays and plans with friends have to take a back seat, let us make the most of our time indoors.

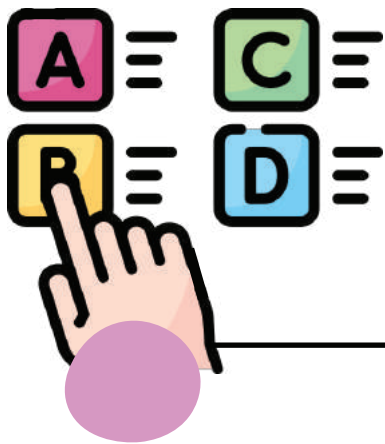

The Mind Wars platform has a host of **new quizzes – both on weekdays as well as weekends** – to keep India's young and bright minds busy and sharp.

Our **state special quizzes** during the week have been garnering a lot of interest, with India specials woven in. From Polity to our Freedom Struggle, from Indian History and Geography to Cuisine, there was something for everyone. **19 states and UTs were covered in April**, and the remaining will play out over **May**, as will a host of **fresh topics**.

The topics for our weekend quizzes, viz. Famous Indian Brands, World's Great Personalities, Space and Space Missions and Indian Tourist Spots were also huge hits, with thousands of students participating and getting prizes! **May has five weekends**, so that's an **extra 25%** chance of checking out your knowledge quotient and winning!

## SO WHAT ELSE IS NEW?

**LOTS!** To begin with, our bouquet of **languages** is getting more flowers: Mind Wars is adding **four new Indian languages**, so watch this space for more...

Also, we are set to launch **India's biggest ever intra-school knowledge event: the Mind Wars School Quiz Contest (MWSQC)**, which will be held in schools around the country once the Covid curve straightens out and schools reopen. As always, there are **grand prizes** and a chance for every school kid to sharpen their mind and vie for **a place in the Mind Wars galaxy** of stars. To qualify, students have to follow the Mind Wars mantra of **practise-prepare-play**. Practice quizzes are being constantly updated, and the Prepare and Play buttons will lead to **mock and qualifier quizzes** for that coveted place on stage.

The contest is open to students studying in **classes VI to X**. Please **contact us** for more details on **participation, qualification** and a piece of that rainbow!
