

DELHI PUBLIC SCHOOL BANGALORE EAST

NEWSLETTER APRIL 2021

CLASS VI

"The only person who is educated is the one who has learned how to learn and change."

- Carl Rogers

Dear Parents

We are on the threshold of a new session, and as we look back, we feel proud of all that we have accomplished in the last year. The onset of COVID-19 pandemic had created an environment of uncertainty and apprehension. However, we adapted to changing situations and ensured that the teaching-learning process continued. Our students also embraced the exceptional year by displaying values of resilience while tackling problems, courage in coping with changes and gratitude for all that they have been blessed with.

We welcome our students to the new academic year, 2021-2022, which is full of promises to make learning more enjoyable and the experience more enriching. The new session brings with it new challenges to face, new obstacles to turn into stepping stones, new friends to meet and new memories to make. We are sure that our children have had a refreshing break and look forward to returning to the online sessions.

Teachers and parents are the two forces that mould a child into an adult. If these two forces work in tandem then for a child every routine activity turns into joy and an ordinary opportunity into unlimited possibilities. So, let us all continue to motivate our children.

The month of April is a sign of new life. It ushers in the festivities of Ugadi, Baisakhi and Bihu. It means new life, new hopes, new aspirations and new beginning. May these festivities bring you utmost peace and prosperity.

Regards Class Teachers of Grade VI
